INDEX OF 1971 ARTICLES—JANUARY-DECEMBER

MANAGEMENT

Many Changes Up the Road In Automotive Finishing ..... Jan

The Outlook for Painting with Powder..... Feb

Cost Reduction Engineering Guidelines Applied to Finishing Operations..... Mar

Modernizing to Build a Better America.... Apr

Economics of Thermosetting Powders .... Apr

Economics of Thermoplastic Powders .... Apr

Guidelines to Justifying an Electropainting System..... May

IBM's Finishing Philosophy ..... Jun

Air Pollution and the Trichlorethylene Controversy..... Jun

How Calculating Paint Mileage Can Be Easy and Accurate..... Jul

A Guide to Selection of an EDP Paint ..... Jul

Applying Value Analysis to Specifying and Purchasing Finishes—Part 1..... Aug

Applying Value Analysis to Specifying and Purchasing Finishes—Part 2..... Sep

After the EPA Ruling . . . What Solvent Next for Vapor Degreasing? ..... Sep

Conveyor System Tailored to Processing Large Panels..... Oct

Applying Value Analysis to Specifying and Purchasing Finishes—Part 3..... Oct

Applying Value Analysis to Specifying and Purchasing Finishes—Part 4..... Nov

Answers to 10 Questions about 1-1-1 Trichloroethane for Degreasing ..... Dec

SURFACE CLEANING/PRETREATMENT

Solvent Switch Cuts Degreasing Costs..... Jan

Trichlorethylene Pretreatment for Elevator Cabs..... Feb

Trouble Shooting in Metal Pretreatment. Feb

Surface Preparation by Closed Circuit Blast Cleaning..... Feb

Liquid Replenishing Economizes Pretreatment ..... Mar

Automatic Replenishing of Pretreatment Chemicals ..... Apr

Custom Finisher Automates Phosphating Small Parts ..... May

Air Pollution and the Trichlorethylene Controversy..... Jun

Metal Cleaning Prior to Electropainting..... Jun

Zinc Phosphate and Iron Phosphate Conversion Coatings..... Jun

After the Conversion Coating—What?..... Jun

Chrysler's Spray/Dip Pretreatment ..... Jul

Paint Stripping with Molten Salt Bath ... Aug

After the EPA Ruling . . . What Solvent Next for Vapor Degreasing? ..... Sep

see Solvent Recovery System Pays for Itself..... Oct

Double Cleaning Is Key to Quality Volume Plating..... Oct

Mechanical or Chemical Cleaning for Printed Circuit Laminates—Part 1..... Nov

Mechanical or Chemical Cleaning for Printed Circuit Laminates—Part 2..... Dec

Answers to 10 Questions about 1-1-1 Trichloroethane for Degreasing ..... Dec

FINISHING

Electrostatic Powder Coating Building Panels ..... Jan

EDP Finishing Protects Air Conditioners..... Jan

Electropainting Innovations at Carnes .... Feb

Coating Ocean-Going Cargo Containers .. Feb

How Jacobsen Paints Snow Throwers..... Mar

Electrostatic Finishing Gives Competitive Edge..... Mar

Shortcut Saves Money in Plating Porous Parts..... Mar

Enamel Slip Savings with Electrostatic Spraying ..... Mar

Soft Water Rinse Cuts EDP Costs at Equipto..... Apr

Automated Powder Line for Air Conditioners....Apr
Manual Powder Spray Line for Battery Cases....Apr
Fluidic Valves Maintain Level in Plating Tanks....Apr
Vinyl Coating Speeds Introduction of Refrigerator....Apr
Chris-Craft Molds Color and Quality into Yachts....May
Custom Finisher Automates Phosphating Small Parts....May
Light Fixtures Finished on New Electrostatic Line....May
Automated Unit Slashes PC Plating Costs....May
Finishing Wrought Iron Furniture to Endure....Jun
Same Booth Used for Wet or Powder Spray....Jun
Glass-Flake Coating Protects Against Plating Acids....Jun
Prime Coat for Vega Applied by Electrodeposition....Jul
Quality and Ecology Benefit from New Plating Lines....Jul
In-Line System Finishes Three Types of Paneling....Jul
Finishing a New Generation of GE Motors....Jul
One Paint Line Does It Better Than Two....Aug
First High-Volume Automotive Powder Coating Line....Aug
Flow-Through Finishing Doubles Truck Cab Output....Aug
Flow-Coater Modifications Cut Air Pollution....Aug
Steel Windows Painted Electrostatically....Sep
Automatic Plater Productivity Equals One Shift....Sep
EDP Line Primes Laundry Appliance Cabinets....Sep
Vinyl Chloride Lacquer Does It in One Coat....Sep
Spray Plating of Plastic Products....Sep
First Electropainting Line for Bi-Fold Doors....Oct
Double Cleaning Is Key to Quality Volume Plating....Oct
Electrostatic Powder Coating of Pipe Couplings....Oct
Volume Finishing of Occasional Furniture....Oct
Ultrafiltration Conserves Paint in Prime Coating the Scout II....Nov
Chromium Plating for Wear Resistance at IBM....Nov
Powder Coating Furniture at Straightline....Nov
Four-Color EDP System Coats Buddy-L Toys....Dec
Painting Enclosed Rail Auto Carriers....Dec
Epoxy Powder Protects School Bus Seat Frames....Dec
Built-In Finish for Wall Paneling....Dec

COIL COATING

Push-Button Color Change on Coil Line.Feb
Coil Coater Recycles Heat from Fume Incineration....Apr
Interlake Electropaints Strapping at 475 FPM....May
Grained Finish with 3-D Feel for House Siding....May
Coil Coating Line Designed with Ecology in Mind....Jul
The Status of Electron Beam Curing....Jul
Reduced Silicone-Polyester Cure Temperatures....Jul
How Heat Recovery Cuts Afterburner Costs....Jul
Electron Beam Curing Unveiled by Coil Coater....Aug
Choosing Colors for End-Use....Nov
Color Standardization as Matter of Long Life....Nov
Color Problems between Coil Coater and Customer....Nov

Color Reproducibility—Batch to Batch, Coil to Coil, Plant to Plant ..... Nov

COATING TECHNOLOGY AND DEVELOPMENTS

Ceramic Electrodeposition on Highly-Formed Workpieces ..... Feb

Conductive Coating Simplifies Design..... Mar

Powder Coating Advantages and Disadvantages..... Apr

The Fluidized Bed Method of Powder Coating..... Apr

Nylon Powder Coating Test Results..... May

Grained Finish with 3-D Feel for House Siding ..... May

Glass-Flake Coating Protects Against Plating Acids..... Jun

Color Control in Electrodeposition..... Jun

Ultrafiltration—an EDP Process Aid..... Jun

Ultrafiltration from an Equipment Viewpoint ..... Jun

Reduced Silicone-Polyester Cure Temperatures..... Jul

Spray Plating of Plastic Products ..... Sep

Water-Based Paints for Flow-Coating, Dipping and Spraying..... Oct

CURING OF COATINGS

Instant Curing of Painted Plastic Parts..... Feb

High-Speed Curing of EDP Finishes..... Jun

The Status of Electron Beam Curing..... Jul

see How Heat Recovery Cuts Afterburner Costs..... Jul

Electron Beam Curing Unveiled by Coil Coater..... Aug

Ultra-Violet Curing of Particleboard..... Aug

POLLUTION CONTROL

Coil Coater Recycles Heat from Fume Incineration..... Apr

One-Stage Treatment of Plating Waste Water..... Jun

Air Pollution and the Trichlorethylene Controversy..... Jun

Seven Incinerators Control Paint Oven Emissions ..... Jun

Quality and Ecology Benefit from New Plating Lines..... Jul

Coil Coating Line Designed with Ecology in Mind..... Jul

Flow-Coater Modifications Cut Air Pollution ..... Aug

Platers See Sweeping Changes in Pollution Control ..... Aug

After the EPA Ruling . . . What Solvent Next for Vapor Degreasing? ..... Sep

see Water-Based Paints for Spraying, Flow-Coating, Dipping ..... Oct

Answers to 10 Questions about 1-1-1 Trichloroethane for Degreasing..... Dec

Automatic Treatment of Plating Rinses at IBM..... Dec

THE EDITOR'S VIEW

Powder Coating—a Promise of the 70's... Jan

Modernization in a Decisive Decade..... Feb

Economizing on Lean Budgets..... Mar

A Challenge and An Answer ..... Apr

Ecology and Product Quality..... May

EDP . . . Powder . . . UV-Coating..... Jun

Timely Examples of Modernization..... Jul

The Winds of Change in Finishing..... Aug

The National Productivity Congress..... Sep

Cleaning and Finishing Productivity ..... Oct

Controlling Stack Emissions ..... Nov

Recycling Is Profitable ..... Dec
